

The Brotherhood Sister Sol

Job Description: Environmental Program Facilitator

Salary: \$65,000-\$70,000

About The Brotherhood Sister Sol (BroSis):

The Brotherhood Sister Sol is a social justice youth development organization that since 1995 has been a place where Black and Latinx youth claim the power of their history, identity, and community to build the future they want to see. By educating, organizing, and training, we are challenging inequity and creating opportunity for all.

BroSis provides holistic and long-term support services to youth who range in age from eight to twenty-two. BroSis offers wrap-around evidence-based programming such as four-six year rites of passage programming, thorough five-day a week after school care, school and home counseling, summer camps, job training, college preparation, employment opportunities, community organizing training, and month-long international study programs to Africa and Latin America. Based in Harlem, NY but with a national reach, we publish assorted curricula and collections of our members' writings; train educators from throughout the nation on our approach; and organize and advocate for social change. BroSis has earned national recognition for our evidence-based model, receiving an array of awards and funding from a host of national funders, including Doris Duke Foundation, Marlene Nathan Meyerson Foundation, Charles Hayden Foundation, NBA Foundation, Kraft Heinz, New York Community Trust, Comic Relief/Red Nose Day, William Stamps Farish Foundation, and more.

The organization has over 50 full-time staff, serves thousands throughout New York City, and has a \$9.5 million dollar operating budget. In addition, we have just moved into our new building - a 22,000 square foot state-of-the-art beacon for youth development. It is an exciting period of organizational growth and increased impact in our community and beyond.

The Environmental Program (EP): The Brotherhood Sister Sol is a lead organization actively engaged in the urban gardening & environmental justice movements. We are the caretakers of the NYC Parks Department Frank White Memorial Garden located adjacent to our headquarters and have been responsible for developing the 6,000 sq/ft lot into a Environmental Learning Center that includes a functional Urban Farm (producing more than 30 varieties of fruits and vegetables), a Green House, an aquaponics system, a Group Challenge Course, as well as recreational seating and performing areas. All of these features have been co-designed and constructed by our youth members and local community residents. EP teen members learn environmental skills in 4 interdependent Core Groups: Horticultural Science, Sustainable Design, Food Empowerment and Community Organizing.
